Easter celebration  
carnival

## RE

People who inspire us  
Easter

## Science

### Sound

- Sounds are made when a material vibrates.
- Vibrations from sounds travel through the air to the ear and then to the brain.
- Sounds can travel through solids, liquids and gases.
- The pitch can be altered by changing. e.g. the length and thickness of a guitar string, tautness of a drum skin.
- The volume can be increased and decreased by e.g hitting a drum harder/ softer.
- When you move further away from a sound source, the volume

## European comparison Naples and Hull

## Geography

There are 44 countries in Europe.

-Naples is near Mount Vesuvius and is on the Amalfi coast.

-Naples has a warmer climate compared to Hull.

Hull exports, cars, fish and wind turbines.

In Naples they make wine, grow tomatoes to make pasta sauce

Tourism brings money into a country.
