

**Summer 2  
2023  
Year 6**

### Music

The children will be using Charanga  
Unit 5: Reflect, rewind, replay keyboards  
Style: Western Classical Music

Changing Me

### Religion, Beliefs & Values

TBC

### Science

The children will know that all living things have offspring of the same kind as their features are inherited from their parents. We will focus on the work of Charles Darwin and his work.

Children will know that if the environment changes rapidly, some species will die out

Children will learn that if the environment changes slowly, animals and plants which are best suited survive in greater numbers to pass their characteristics on to their young.

Children will know that fossils give us evidence of what lived on Earth millions of years ago and provide

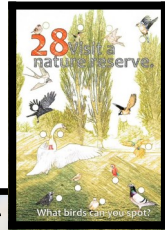

Charles Darwin, an evolutionary scientist, studied different animal and plant species, which allowed him to see how adaptations could come about. His work on the finches was some of his most famous.

Tie a tie

### Writing

Discussion (2)  
Formal Letter (1)  
Recount (1)  
Transition & Leavers (2)

### Survival

How can we reduce local pollution?

### Maths

Word problems  
Money problems  
Gap filling

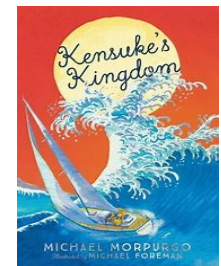

### Art

The children will learn about the local artist Henry Moore. They will look at form and sculpture to create their own Modroc sculptures.

### In English we will be reading...

Kensuke's Kingdom by Michael

### Geography

The children will learn that global warming is a gradual rise in the temperature of the Earth's atmosphere caused by an increase in carbon dioxide and other pollutants

They will also be able to predict of what might happen due to pollution based on knowledge of the local area

The children will understand that pollution has many negative impacts on the local environment such as destroying animal habitats and making air unsafe for humans and animals to breathe

There will be many activists, including Greta Thunberg, around the world campaigning to reduce human impact on the Earth.

I know ways that I can protect and improve my local environment
