National curriculum

To develop a chronological secure knowledge and understanding of local history. They should understand how our knowledge of the past is constructed for a range of sources.

Devise historically valid questions about change, cause, similarity and difference, and significant.

They should note connections, contrasts and trends over time.

Geographical links

-Locate port and docks on different maps of Hull through the ages.
-How the city has changed due to the changes in the fishery industry.

Timeline specification

To be used to demonstrate understanding and as a research starter
-Period of history
-Passing of time
-Plot own significant dates
-Key words to be used as start of research
-To include factual information from research

Enquiry questions

Who/what was the most significant ...?
What can we learn from this ...?
How was our town affected by ...?
