

Autumn 2 2022

Year 3

Counties

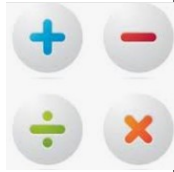

Science - Light

- Light is necessary in order for animals, including humans, to see things. Without a light source it is dark and nothing can be seen by the human eye.
- A light source is something that emits light by burning, electricity or chemical reactions.
- When light is blocked by an opaque object, a dark shadow is formed. An opaque material blocks light so we can't see through it and shine a light through it.
- When light is shone onto a transparent object, the light travels through it, we can see through it and it makes a very faint shadow.
- When light is shone onto a translucent object, some of the light travels through it, we can see bright light sources through it and it makes a fairly dark shadow.
- The size of a shadow changes as the light source moves.

Maths

Addition
Subtraction

Music

In Music we will be learning how to play the glockenspiel.

Thorpepark 50

25. Play an instrument.

Geography

In Geography, we will be learning about counties in the United Kingdom.

DT

In DT we will be looking at box packaging and designing a

MFL

- Calendar
- celebrations

In English we will be writing a...

- Suspense Story
- Non-chronological report
- Persuasive leaflet
- Glossary

Religion, Belief and Values

In RE we will be learning about...

Remembering, linked to harvest festival and the Hindu harvest festival Baisakhi. We also look at remembrance Sunday.

We will also explore Christmas as a Christian celebration.

PE

Computing

In Computing we will be learning about computing systems and networks. The children will learn about digital devices, how computers are connected and about our school network.

PSHE

We will be celebrating differences.

Dear Parents/Carers,

We have a busy and exciting term of work planned for the children. This term our main theme is Counties in the UK, looking at physical and human characteristics of the counties and making comparisons. We will also begin our topic on Ancient Egypt and will begin looking at where Egypt is and what life would have been like for Ancient Egyptians.

Our PE day is a Monday afternoon. The children will be learning dance and they will need to bring an indoor PE kit. As we do PE in the afternoon, please ensure that they come to school in their school uniforms.

In our music lessons, the children will be learning the glockenspiel.

Kind regards,

Mrs Hill and the rest of the Year 3 team

Polite reminder: Please can children remember to go on to Bug Club to read at least 3 times per week and complete their times tables challenges on TT Rock stars.
