

THORPEPARK

Thorpepark Academy

Our Vision & Principles for Science

We ask and answer questions to develop our scientific knowledge

We learn about how pioneering scientists have shaped our world.

We use correct scientific language and vocabulary

At Thorpepark we believe that Science should enable children to develop their interests and curiosity in the world in which we live

We learn by taking part in practical and hands on activities

We learn by using our enquiry skills and enhancing our curiosity

Together we will ...

Pioneer I Inspire I Achieve I Collaborate I Create
