Computing 24-25 Year 1 - Programming (Purple Mash- Fun with fish) Remember when: Key vocabulary Drag and drop, left click, instructions By the end of the unit children must: programming - move the fish right down left -move the crab left right -debug the instruction to make the fish move right or left when clicked -make a little program to make the fish move when clicked Explore the bubble activity

National curriculum:

- Understand what algorithms are; how they are implemented as programs on digital devices; and that programs execute by following precise and unambiguous instructions.
- Create and debug simple programs.
- Use logical reasoning to predict the behaviour of simple programs.

Software

Purple Mash

Title / Focus	Lesson outline	
Lesson 1	Load Fun with Fish game.	
LO- To create a code	Drag tuna fish into the code bar select move right, press play.	
SK- Move Tuna fish right	GD – Get tuna fish to move left and right.	
Lesson 2	Load Fun with Fish game.	
LO- To create a code SK- Move Crab left	Drag crab into the code bar select move left, press play.	
	GD – Get crab to move up and down.	
Lesson 3, 4	Load Fun with Fish game.	
LO- To create a code and debug errors	Select number 3. Select tuna fish, trout and clown fish and move to right, press play.	
SK- make a little program to make the fish move when clicked	GD – Get the tuna fish to move right to left Get trout to move up and down Get clown fish to move right to left.	
Working towards	End of Unit Assessment Working at Age related expectations	Working at a greater depth
